

PODIATRY LICENSING BOARD
MINUTES
AUGUST 15, 2006

CONDUCTING	Steven Jones
CONVENED	8:35 a.m.
ADJOURNED	9:44 a.m.
MEMBERS PRESENT	Steven Jones Glenn Gold Suzanne Ferry
MEMBERS EXCUSED MEMBERS ABSENT	Max Jones Michael Lowe
DIVISION STAFF	Diana Baker, Bureau Manager Penny Vogeler, Board Secretary
GUESTS	Kevin West, Attorney Brian Richman DPM
Nomination of new chairperson	Glenn Gold made a motion to nominate Steve Jones seconded by Suzanne Ferry. Motion carried.
Approval of minutes	A motion was made by Dr. Gold to approve the minutes and Ms. Ferry seconded the motion.
APPOINTMENTS: New Stipulation: William Woodrow Martin	William Woodrow Martin was interviewed by Dr. Gold. Dr. Martin was accompanied by his Attorney, Mr. Kevin West and his supervisor Brian Richman, DPM. Dr. Gold reviewed the stipulation. Mr. Martin was

asked to tell the Board why he is before them today. He stated he is here due to complications with his patients that resulted in extensive reconstruction surgery by other physicians. He stated one patient was sent to an orthopedic surgeon. He stated he did not feel it was an error on his part. The main concern of DOPL was that the respondent continued to treat the patient without referring them to another physician while the necrosis continued to worsen. Dr. Martin submitted a practice plan for the Boards review. It was reviewed and accepted.

Dr. Martin has been practicing since 2002. He lives in Preston ID and is practicing in Logan UT. Ms. Baker submitted a general list for a practice plan to provide a plan regarding his practice with the terms and conditions of his order. His supervisor was in attendance and was given a supervisor report.

His record keeping and the lack of necessary documentation of patient care was discussed. He stated things have improved in his record keeping. His attorney discussed he was trained to do surgeries but has had to step back. He stated he practiced within his scope of practice. Dr. Martin asked if he could have the Board have a group of Podiatrists review his patient's charts. The Board felt they could look at a sampling of his medicals records. His supervisor will review the charts and handpick the ones to be seen by the Board.

The Board stated that they felt Dr. Martin is safe to practice without direct supervision, but direct supervision would be required for all surgeries. The Board would like to see six charts and x-rays from his practice at the next meeting. CPEP was discussed and Dr. Martin stated he was

working with them on charting and was not sure of the plan with them. Ms. Baker stated he needs to meet with them and discuss the re- education process and report to the Board next quarter. The issue of having more than one supervisor was discussed and stated this may be helpful. The PICA risk course was approved as a record documentation course.

Dr. Richman, DPM has been supervising Dr. Martin. He remarked he has seen improvement in Dr. Martin. His probation is for five years. Dr. Martin was reminded if he does obtain another supervisor he must also submit supervisor reports.

NEXT SCHEDULED MEETING

November 14, 2006

Steven Jones, Chairman

Date

Diana Baker, Bureau Manager

Date
